

JOYNT CHAIR

Ergonomics is at the forefront of design thinking with the contemporary Joynt chair. With an integrated rubber joint, the chair moves and flexes with the user. Offering the best in flexibility, the Joynt chair follows the body and gently shifts with each movement and flow. Stackable to 6 high and available in a range of colours the Joynt chair can be tailored to meet your interior needs.

Designed by: Harry Owen / Lago Studio

Brand: Lago

Dimensions: 50cm(W) x 49.5cm(D) x 82cm(H)
